

NOW HERE'S A LOVELY MESS

The Special School Laws of the State are Unconstitutional.

More Blundering Done by the Legislature of Ohio Which Will Involve the Tax Payers in no End of Trouble.

Columbus, O., Oct. 29.—Mr. Wade Ellis, George Cox's legal representative and one of the authors of the new municipal code, is out in an interview in which he outlines a large amount of work for the legislature to do in the way of legislation on municipal affairs, at some future session.

Mr. Ellis holds, and the Supreme Court yesterday confirmed his opinion that all the special school laws of the state are unconstitutional.

He also says that the laws creating boards of tax equalization for cities are unconstitutional, and that the same defect exists in the act creating boards of election for cities. The acts fixing the salaries of common pleas and circuit judges are also invalid.

Attorney General Sheets agrees with Mr. Ellis that all special acts on the statute book are unconstitutional. He expresses himself as opposed to the appointment of city election boards by the mayor and favors the

plan under which the secretary of state appoints such boards on recommendation of the committees of the two leading parties.

Smith W. Bennett, of the attorney general's office, who helped draft the code, says that Mr. Ellis' conclusions are correct, and that there is no doubt that there is a great deal of special legislation relating to municipalities on the statute books. Mr. Bennett says that in drafting the code they recognize the unconstitutionality of the measures referred to by Mr. Ellis, but felt that there was no pressing need of any immediate action inasmuch as the Supreme Court at that time had not directly held any of the acts in question unconstitutional.

Since the code was passed, the creation of special school districts has been held by the supreme court, in the case of the attorney general against Specimire, to be unconstitutional.

TWO BOUTS TONIGHT IN THE ROPED ARENA.

Erne and Sietloff in Detroit, Handler and Walcott in Boston.

Detroit, Mich., Oct. 29.—Patrons of the Century Athletic club are looking forward to a pugilistic treat tonight when Otto Sietloff, the Chicago lightweight and Frank Erne, come to a bout in the roped arena for a fifteen round bout. The men will meet at 10 o'clock for a purse of \$1,000. Erne is the favorite in what betting has been done on the result. While Sietloff has been fighting well during the last eight months, and besides has improved in his fighting, the close followers of the game are unanimous in

the opinion that he is not fast enough for the shifty Buffalo fighter.

Boston, Mass., Oct. 29.—Joe Handfield Walcott, of this city, are in readiness for their fifteen round bout, which is slated as the wind-up of the boxing show to be given tonight at the Criterion Athletic club. Walcott has defeated nearly all the good men in Boston and his admirers express confidence in his ability to give them a hard run for the big end of the money.

ON ACCOUNT OF A PRINCE.

The Good People of Boston Do Homage to Siamese Royalty.

Boston, Mass., Oct. 29.—Elaborate plans have been made for the entertainment of the Crown Prince of Siam and his suite during their stay in Boston. The royal party is due to reach the city this evening, and will remain until Sunday, when the tour of the country will be resumed. After the customary exchange of courtesies between the distinguished visitors and the heads of the state and city government, the Crown Prince and his party will be taken in charge of a

local entertainment committee and shown the sights of the Hub. So far as arranged, the program includes a visit to Concord and Lexington, a day at Harvard University, a visit to the Boston navy yard and a brief tour of inspection of Boston's public buildings and several large manufacturing plants in which the Crown Prince is understood to be particularly interested. In accordance with the wish of the visitors, they will participate in no functions of a public character.

IN MEMORY OF THOSE WHO FELL FIGHTING.

Monument to be Erected to Pioneers of Indian Massacre.

Lafayette Ind., Oct. 29.—The Indiana state society of the Daughters of the American Revolution, began its annual meeting in this city today with delegates present from all of the various chapters throughout the state. A dedication from Jeffersonville is present with a memorial asking the co-

operation of the state society in the effort to have the legislature appropriate funds for the erection of a suitable monument to the memory of the pioneers who fell at the Pigeon Roost massacre, near the present site of the city of Jeffersonville, September 2, 1813.

SUFFERING Among Russian Zealots, is Intense. Two Thousand Leave Their Homes and are Marching on Yerkon.

Winnipeg, Manitoba, Oct. 29.—Donk-hobers Russian zealots who have forsaken their homes and are marching on Yerkon, are now 2,000 strong in town. Mounted police have been ordered to mobilize, as several small riots have broken out among the pilgrims. The suffering of the people is intense and the death toll is increasing, two old people being added to the list during this morning.

NOVEMBER 27TH The Day Set Apart for National Thanksgiving.

Washington, Oct. 29.—Roosevelt's Thanksgiving proclamation was issued this afternoon. It sets forth that the American people have more to be thankful for, during the past year, than any other people. Thursday, November 27th is the day.

STATE FAIR Of Georgia Opened Very Auspiciously Today.

Valdosta, Ga., Oct. 29.—The opening of the state fair today was a gala occasion, scores of visitors from various parts of Georgia uniting with the people of Valdosta to give the event an auspicious turn. The fair runs ten days and from all indications the past records for success will go by the board. The county displays are twice as numerous as heretofore, while the number of individual exhibits is also largely increased. Of particular note are the departments devoted to the exhibit of live stock and machinery.

MANY MOTHERS Will be in Attendance at the Congress.

Pittsburg, Pa., Oct. 29.—A large advance guard of delegates has arrived for the meeting of the National Congress of Mothers, to be held here during the two days beginning tomorrow. A number of noted women will take part and their papers and discussions will cover a wide range of subjects.

FIVE SHOTS Were Fired and Two were Wounded.

Geneva, N. Y., Oct. 29.—Henry Steigelmaler, a middle aged man with one arm, stood at the top of a stairs in an apartment house early this morning and fired five shots into a group of persons who stood talking in the lower hallway. Steigelmaler said their talking annoyed him and warned the people to go away. He then drew a pistol and fired five shots, three bullets taking effect, one in a woman, Helen Hawley and two in a young man named Charles H. Newton. The victims will recover.

GENERAL GRANT Has Been Assigned to Duty at Fort Houston.

Ft. Worth, Oct. 29.—Brigadier General Frederick D. Grant, passed through here this morning enroute to Ft. Sam Houston, San Antonio, where he will be permanently stationed, having been assigned to duty there by the war department.

GOV. YATES Suffering From an Attack of Typhoid Fever.

Springfield, Ill., Oct. 29.—Governor Yates' illness was pronounced typhoid fever by the attending physician this morning. He will be confined to his bed for weeks, as his general condition is very low.

OHIO Prices to be Sited by Mitchell As a Criterion Of What is Fair and Equitable to Miners. A Schedule Has Been Arranged and Forwarded to Headquarters.

Columbus, O., Oct. 29.—(Special)—President Mitchell, of the United Mine Workers of America, intends to cite to the commission appointed by President Roosevelt, Ohio prices and conditions as a criterion of that which are fair and equitable from the standpoint of the miner. Secretary Savage, of the state headquarters here has been busy for several days arranging a schedule of the wages paid the various persons employed about the mines of Ohio, and the conditions under which the men labor. The table was completed Monday, and after being signed by President Haskins and secretary Savage, was forwarded to President Mitchell.

Caesarian Operation Performed. Another of the few Caesarian operations which have been performed by the medical fraternity, has been performed by Dr. J. F. Baldwin, of the Grant Hospital this city, when Mrs. Arthur Sowden was delivered of a healthy male child. Both the mother and the infant are getting along nicely. This operation makes the seventh successfully performed by Dr. Baldwin, and of this number, five were performed by him at the Grant hospital. The success which has attended Dr. Baldwin in these delicate operations, has been the marvel in medical circles. **Magnus Corpus Proceeding for Prison.** Attorney James Allen, of this city, has brought habeas corpus proceedings for Charles C. Clayton, which tests one of the phases of the Ohio reformatory law. Clayton was sentenced to the reformatory from Marietta for burglary in 1900. After being at the reformatory for about three months, the directors of that institution discovered that he had been in the penitentiary. The reformatory law prohibits the sending of any one to the reformatory who has been in the penitentiary. Therefore the directors ordered this man transferred to the penitentiary under a section of the reformatory law which provides for this upon the discovery that a prisoner is either above 30 years of age or has been in the penitentiary. Clayton has been in the penitentiary since 1900, and the habeas corpus proceedings seek to liberate him on the ground that that feature of the reformatory law which authorizes the directors to order a transfer is unconstitutional. The case will be watched with interest by the court and prison officials.

OHIO STATT HOUSE IN NEED OF REPAIRS.

Narrow Escapes of Last Week Have Started Officials to Act.

Columbus, Oct. 29.—The state capitol building is crumbling from sheer decay of its foundation stones. A meeting of the state emergency board will probably be called by Governor Nash within a few days to vote enough money to do enough patching to last until the next meeting of the legislature, which will be asked to appropriate many thousand dollars for needed repairs. The fall last week, of a part of the massive stone bracket supporting the balcony over the west stairs leading up from the rotunda, caused superintendent Shyron, governor Nash and auditor of state Guilbert to start on their tour of inspection of the building.

MOB OF WHITE MEN RAWHIDE A NEGRO Who Had Ill Treated a Girl Because She Refused to Give Him Food.

Vicksburg, Miss., Oct. 29.—Robert Woodard, colored, was unmercifully rawhided by a mob of white men last night in the jail yard. Woodard had been arrested for entering the jailers home and roughly handling the latter's 12-year-old sister for refusing to give him food. The mob was formed and after scaling the jail walls and overpowering the jailer, they stripped the negro and gave him a terrible whipping.

NEW INQUIRY IN TALBOT CASE Was Opened by a Body of His Peers in Harrisburg Today.

Harrisburg Pa., Oct. 29.—A new chapter in the Bishop Talbot case was begun today, when, in response to the summons of the presiding bishop, Rev. Thomas M. Clark, D. D., of Rhode Island, a board of inquiry met in Harrisburg today, to consider the appeal of the presenters in the matter of the charges against Bishop Talbot, growing out of the unbecoming of the Rev. I. W. Irvine, D. D. The appeal has been taken by the presenters, on the ground of newly discovered evidence, from the decision of the board in agreeing that the charges filed by them against Bishop Talbot were insufficient grounds for bringing Bishop Talbot to trial. Many influential churchmen and lay members have rallied to the support of the Rev. Dr. Irvine and their prosecution of the case promises to make it a cause celebre in Episcopal church history.

BUT LITTLE ATTENTION Paid by the People of Ohio to Election Matters This Fall. Both Chairmen of State Committees Concede That the Vote to be Cast Next Tuesday Will be Very Light.

Columbus, O., Oct. 29.—(Special)—General Dick, as chairman of the Republican State committee, will issue his anti-election statement next Saturday, making a prediction as to the outcome of the election in Ohio, both on the state ticket and in congressional districts.

Chairman Garber, of the Democratic executive committee will also issue predictions, but whether he will make his prediction public on Saturday or Sunday morning has not been decided.

Reports received at both the Republican and Democratic headquarters, show that the people of the state are taking very little interest in the pending campaign. General Dick regards this as a good omen for Republican success. He reasons that if there was any commotion it would be against the party in power. Gov. Nash predicts that the vote will be a light one, lighter than last fall, when the total vote polled was \$40,000. Neither Gov. Nash or General Dick for the Republicans, or Chairman Garber for the Democrats will approximate the vote that will be cast.

KING EDWARD SENT A SECRET MESSAGE. Thought to be Either for the President or British Embassy.

New York, Oct. 29.—King Edward has sent an important message to this country and he did not trust it to the mails. Whether the document is addressed to President Roosevelt or to the British Embassy is not known.

The King's messenger was compelled to reveal his identity to the custom house officers, yesterday, when he arrived on one Kaiser Wilhelm Der Grosse. The messenger is Oliver A. Barthwick, son of Lord Glenesk, proprietor of the London Morning Post.

SAFE BLOWN, \$4000 TAKEN. Nervy Gang of Five Masked Thieves Make a Good Sized Haul.

Gardner, Ill., Oct. 29.—With the town marshal as an unwilling witness, five masked men this morning, blew the safe in the Exchange bank here and robbed it of \$4,000. The robbers made their escape on a passenger train bound for Chicago. It was shortly after 2 o'clock, when five strangers each carrying Winchester, came upon the marshal, who was standing a few feet from the bank entrance. One of the men thrust his rifle against the officer's head and ordered him, on pain of instant death, to remain quiet and accompany the party. He did.

THE GOODNESS OF HENRY PROBASCO Will Not Soon be Forgotten by the People of Cincinnati.

Cincinnati, Oct. 29.—The funeral of the late Henry Probasco, who died Sunday, was held this morning from the Calvary Episcopal church in Clifton. Henry Probasco was at one time one of the wealthiest men in Cincinnati and a public benefactor, but he suffered financial reverses several years ago. The board of public service has draped the Probasco fountain in mourning for thirty days. It was donated to the city by Mr. Probasco. It is one of the finest works of art of its kind in the world.

THE NEW TARIFF IS SOMEWHAT HIGHER. Chinese Advalorem Duties Will be Substituted for Specific.

Washington, Oct. 29.—Friday, day after tomorrow, will be the first day of the tenth Chinese moon. It will be the date of special importance because of the new Chinese customs tariff, which has been agreed upon by the special commissioners of the United States, Great Britain, Germany and Japan, in consultation with the Chinese officials. It will then go into effect. The new tariff substitutes specific for advalorem duties on imports. It is higher than the old tariff. Books, charts, maps, newspapers and periodicals are to be admitted free and so are all cereals and flour and materials for railways which opens up a wide market for American products. Imports of arms, ammunition and munitions of war of every description are prohibited except a regulation of the Chinese government.

BUCKEYE OIL OPERATIONS.

Allen County, Marion Township, Furnishes a Good Well.

In the Black Creek Pool, of Mercer County, the Ohio Oil Company Brings in a Well Good for 96 Barrels. Other Oil News.

The Ohio Oil Company has completed a good well on the J. L. Trick farm, in section 15, of Marion township, Allen county, its No. 2 on this farm doing 70 barrels the first day.

The Newark & Lima Oil Company's No. 3 on the J. J. Amstutz, in section 29 of Richland township was good for 25 barrels at the start.

On the C. D. Faze farm, east of Lima, in section 3, Bath, P. T. Mell, as agent and attorney, has completed No. 4 well, which produced 25 barrels the first day.

One of those Black Creek wells which have been so prominent in the Ohio Oil Company's work in Mercer county has been completed on the Joe Fisher farm, section 2, and started off at an even 96 barrels the first day. This district has been very prolific during the past several months, but is now getting to a point where the new production is not better than the usual run throughout the various Buckeye districts.

New wells in Wood county have been of the small production class, none doing much better than 20 or 30 barrels. The Ohio Oil Company completed its No. 1 on the Wm. Kinney farm, in section 13 of Liberty, and another 10-barrel well is added to the list. The same company's No. 17, Samuel Mercer, in section 14, was good for 25 barrels, while No. 5, E. Fellers, section 17 did 5 barrels at the start.

The Ohio Petroleum Company got a very light well at No. 19, E. Mercer, in section 21, Liberty, the first day's yield being only 8 barrels. This company's No. 3, W. A. Jones, in section 24, Portage, was also light, making only 10 barrels.

In Montgomery township, the Mechanics' Banking Company and Hamilton completed No. 8, J. W. Lambright, with a 20-barrel well as the result. The Ohio Oil Company's No. 12, T. Adams, section 9, was a 15-barrel well. Late producers in the Sandusky field have been only fair, the best being worth about 40 barrels, which is really not so bad for that field.

In Washington township, Tait & Patterson have a 49-barrel well in their No. 7, A. Klotz, section 32, and Cribbs & Johnson's No. 3, Bauman, section 35, made 15 barrels at the start.

Three 15-barrel wells are reported completed in Scott township, the Ohio Oil Company's No. 25, A. B. Manchester, section 21; Day, Burnett & Winchell's No. 12, L. C. Winchell, section 31, and Dowe & Burnett's No. 2, M. Bove, section 19. The Mechanics' Banking Company's No. 17, M. A. Phillips, section 31, was good for 25 barrels.

Late work in Indiana. The Grant county field has been furnishing a number of large wells during the past few days, and there is apparently no cessation of what has been a noticeable activity for the fall months.

In Washington township, the Ohio Oil Company has completed Nos. 9 and 10, on the A. J. Finley farm, section 13, the former making only salt water, while the latter was good for 50 barrels of oil at the start. In section 3 of the same township, the Southwestern Petroleum Company and others have a well doing 20 barrels, their No.

7, on the H. Z. Blinn farm. Bartley & Garver completed their No. 7 on the G. A. Landess lease, in section 17, of Van Buren township, with a 65-barrel well as the result. In the northeastern corner of this township, the Ohio Oil Company has a 45-barrel well in its No. 8, on the L. V. Couwell farm.

Quite a few good wells are reported from Center township, among these being the Crown Oil Company's No. 5, R. & E. Raliff, section 15, which made 60 barrels the first day. In the same section, Kahle Bros. & Gray completed their third well on the Wm. M. Ward farm, with a production of 25 barrels the first 24 hours.

The Marion Fruit Jar & Bottle Company's first well on their fee tract in section 18, was good for 25 barrels at the start.

Alvi T. Baldwin got one of similar calibre in his No. 2 on the Wm. S. Davis farm, section 19.

The fourth well drilled by the Oil City Oil & Gas Company on the M. Futrell farm, in section 22, Center, proved to be good for about 60 barrels at the start.

The Ohio Oil Company has three new wells in this township, two of which started at 30 barrels, while the third was a 20-barrel well. The former were No. 2, R. Burson, section 22, and No. 3, David Barrows, section 3. In the latter section, No. 5, on the Thos. Myers farm was put to pumping and will make a 20-barrel well.

In Franklin township, Cheuvront, Mann & Stranahan completed the seventh well on their fee property, resulting in a 10-barrel well.

Work in Other Fields.

The late crop of wells in Huntington county has not been very promising, several of them having too much gas to admit of operations for the more valuable fluid. In Wayne township, the Huntington Light & Fuel Company's test on the John M. King farm, section 34, proved to be a gas well. The same company's No. 2 on the John Thompson farm, section 25, was a 1-barrel well. The Southwestern Petroleum Company's No. 2, D. T. Price, in section 30, proved to be a duster.

In Jefferson township, the Central Western Oil Company has completed No. 2, on the Wm. A. Cramer farm, section 24, and has a 40-barrel well. The Southwestern Petroleum Company's No. 9, on the V. T. Ewart farm, section 30, was good for 30 barrels at the start. Robert Simonton & Son have a 5-barrel well in their No. 3, on the John & Mary Weaver property, section 21, Jefferson.

Some Good Sized Wells.

A first class well is reported from Washington township of Blackford county, in the Dundee field. It was Jerry Hayes' No. 5 on the G. M. Palmer farm, section 8, and made 130 barrels the first 24 hours after shot.

In Adams county, McKisson & Argue have another good one on the H. Fogle farm, section 30, Jefferson township. This was their No. 11, and started at the rate of 30 barrels natural in a day.

In Hartford township of Adams county, E. Priddy has a 40-barrel well at his No. 4, on the J. McDowell farm.

Scrofula

This root of many evils—Glandular tumors, abscesses, pimples, and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness, the consumptive tendency, and other ailments—Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vennor, Wawarsing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.

Hood's Sarsaparilla Promises to cure and keep the promise. Ask your druggist for it today and accept no substitute.

Down in Monroe township of Madison county, J. M. Tait has one of those wells which served to make the Alexandria field famous a short time ago. His No. 5, on the Mary J. Baxter farm, section 29, started off at a lively clip, and made 210 barrels the first 24 hours. J. E. Lippincott also has a fair producer in this township, his No. 1, Mary E. May, section 17, making 60 barrels at the start. The Ohio Oil Company's No. 8, Blake heirs farm, section 16, was good for 30 barrels, and L. G. Ward's No. 2, fee, in section 7, proved to be a 10-barrel well.

In Van Buren township of Madison county, the Crystal Window Glass Co. has another gas well on the J. M. Jones farm, section 21. This was the Crystal's third venture on this property.

The Royal Month and the Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this one disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proven its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative—consumption. d&w

DECLARES

He is Not Guilty of the Sullivan Murder.

Ben Wade Receives a Visit from Findlay's Chief Who Believes Him Innocent.

Ex-chief of police Ramsey made a trip to Toledo, Sunday, says the Findlay Courier, and while there visited Ben Wade in jail awaiting trial for the Sullivan murder. Ben claimed to Ramsey that he is entirely innocent of any participation in this crime and says he could prove his innocence if he could secure some funds. It seems that Al Wade is willing to tell the whole story on the stand as he has always told it and this, if accepted would require Ben Wade as Al Wade implicated himself, Landis and a Toledo blacksmith.

Ramsey believes Ben Wade is innocent but says the Toledo police, because the blacksmith named has resided in Toledo for many years and has been guilty of no other crimes, will not listen to any suggestion that he may have been a participant in this murder. With this view of the case before them, they will naturally not take very active steps to verify Al Wade's story, and in this lies Ben Wade's hope of escape from the electric chair. He said to Ramsey: "I am innocent and I don't want to go to that chair for something I did not do. If I had done it, I wouldn't care so much, but I did not know anything about it." Wade also claims he was beaten out of his mileage and witness fees and asked Ramsey to try to get them for him, saying it might aid him to establish the fact of his innocence of this crime.

Goes Like Hot Cakes. "The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery for consumption, coughs and colds, because it always cures. In my six years of sale it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and H. F. Vorkamp guarantees satisfaction or refund price. Trial bottles free. Regular size, 50c and \$1.

THE STAGE.

The much talked of production of "The Prisoner of Zenda" will be the attraction at Faurot opera house to night. Mr. Thos. B. Alexander, who essays the title role, has been the recipient of many favorable comments from both press and public this season and the supporting company is said to be far above the average. An evening of enjoyment may be looked forward to by Faurot patrons tonight.

Eugenie Blair in "Zaza." Mr. Henri Gressitt who this season is so prominently before the public as the manager presenting the great emotional actress Miss Eugenie Blair in David Belasco's celebrated adaptation of the world's famed play "Zaza" defeated about twelve other managers when he bought the play outright, securing at the same time all the original scenery, furniture, properties, electrical effects, etc., and used by David Belasco in the original run at the Garrick theatre, New York. This magnificent production will be the attraction at the Faurot opera house tomorrow night, where Miss Blair is such a favorite. Her work during the past four seasons in Camille, "The Ironmaster," "A Lady of Quality" and "Peg Woffington" has fully demonstrated her right to the title of "the best emotional actress of the present day." The curtain will rise promptly at 8 o'clock.

A DOZEN TIMES A NIGHT. Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." H. F. Vorkamp, cor. Main and North streets.

Of News Concerning the People

In South Lima

Howard Napier Injured by Torpedo.

A Brace of Accidents That Nearly Proved Serious.

Holloween Will be the Occasion for Many Notable Social Events.—Other News of Interest.

The merchants of south Lima met to be outdone by their business associates in the city in the matter of a lighting will soon inaugurate a illuminating scheme of their own. They propose erecting arches over south Main street at the Kibby and Vine street intersections. These arches will be set with numerous different colored incandescent electric lights which will certainly produce a beautiful effect.

Narrow Escape.
An intoxicated man endeavored to board a Van street car this morning when he fell across the track and but for the watchfulness of the motor man would have been badly injured. He was removed from the track but persisted upon entering the car. The conductor had great difficulty in preventing him from doing so but the obvious customer was finally cleverly outwitted by those in charge of the car. He was quite badly bruised but his fall but was otherwise unharmed.

An Imposter.
A man claiming to be from St. Louis and representing himself to be an Odd Fellow entered the store of Ernest Kraft on south Main street yesterday afternoon to solicit and pretence he was in distress. Mr. Kraft who is prominently identified with the local lodge of Odd Fellows would have promptly complied with the request of the stranger but upon investigation discovered the pretence. The man was entirely ignorant of the regulations of the lodge. When unmasked the fellow became very indignant. He is evidently an imposter who seeks to enrich himself at the expense of unsuspecting members of the lodge.

Has Resigned.
H. L. McGuire who for some time has been the efficient foreman at the Lake Erie and Western shops has resigned his position and will return to his former home at Memphis, Tenn. During his residence here he has made many friends who will regret his removal.

Dinner Party.
Mrs. Kitty McCoy of south Eliza street entertained handsomely yesterday with a pleasant dinner party at her home yesterday.

Close Call.
A man named Hoffmann in a light blue overcoat was on a train at the St. Johns avenue crossing of the Cincinnati, Hamilton and Dayton railroad narrowly escaped being crushed beneath the wheels. The train was running slow when he endeavored to alight but in leaping he slipped falling along side of the wheels of a car which just grazed his head. Not losing his presence of mind he quickly placed himself beyond harm's way. With the exceptions of a terrible scare and a few sprains and bruises he was uninjured.

Halloween.
Halloween will be very generally observed in a social way in south Lima next Friday evening. Arrangements are being made for many pleasant events. The fete is one that has been observed for centuries. Its present day observances has lost much of its beautiful religious significance. Many of the usages and customs of the olden times still exist. Young persons still perform so-called spells to discover their future partners and many fireside revellies.

Torpedo Exploded.
Howard Napier and Vernon Fawcett were playing in H. C. Napier's barn yesterday when they discovered an object which aroused their curiosity. The Napier boy struck it with a hammer when an explosion resulted. The object proved to be a small torpedo to which a small amount of dynamite was attached. In the explosion the Napier boy's right hand was badly burned.

Entertained.
Mrs. Frank L. Imborty elegantly entertained a number of the ladies of the south Main street church at her home on east Chestnut street this afternoon. An elegant dinner was served. The affair in which Mrs. Imborty provided herself a pleasing hostess.

Struck by a Car.
S. F. Meitmer of Holmes avenue who was struck by a car on north Main street was not as seriously injured as at first supposed. Although knocked down by the car it was stopped before he came in contact with the wheels.

Visitors Coming and Going.
S. C. Reid of south Main street has returned from a business trip to Xenon.

Thomas Murray who has been employed in the oil fields near Marion Ind. for several weeks is spending a few days with friends in south Lima.

Kirby White of Harrod spent yesterday with his parents on south Central avenue.

Frank Steplton, of south Central avenue, yesterday entertained his father David Steplton from Cridersville.

Mr. and Mrs. Ira Hartman are home from a visit at Red Key Ind.

Mrs. P. Riley of south Main street accompanied by Miss Lucy Riley left yesterday for Huntington Ind., where they will be the guests of relatives. Before returning they will visit at Chicago and Ottawa Ill.

C. V. Coulter and wife have returned from a week's stay in Detroit. Mrs. W. I. Baird of Springfield is a visitor at E. C. Baird's, on east Elm street. Mrs. H. M. Rees of Louisville Ky. is also visiting at the Baird home.

ONE

Of Van Wert's Fair Daughters

Comes to Lima

The Happy Bride of Mr. Otto G. Tague.

Brilliant Nuptial Event Celebrated at Van Wert Last Night.

Ceremony Witnessed by a Number of Lima People—Bride and Groom Came to This City Last Evening.

At the home of the bride's parents in Van Wert last evening occurred the marriage of Mr. Otto G. Tague of this city and Miss Laura M. Warts of the former place. The nuptial event was one of the most brilliant affairs of the kind that has been held in the Van Wert county city for many months. The home of the parents of the bride presented an attractive scene when the guests began to arrive last evening the interior being richly decorated with flowers and plants. While the guests were gathering the Arion orchestra, of this city, discoursed sweet music and at 6 o'clock the hour assigned for the sacred marriage ceremony the musicians rendered Mendelssohn's wedding march while the bridal party descended the stairs and took a position in a flower-laden room of the parlors. The groom was attended by Mr. Russell L. Armstrong and Mr. Robert McPeak of this city and the bridesmaids were Misses Vera Woodruff and Nellie McGovern of Van Wert. The ribbon bearers, Misses Helen and Elizabeth Braun, preceded the party making way for the officiating minister, the Rev. Robert Harris of St. Paul's Episcopal church of Newport, Ky.

The beautiful and impressive ceremony was followed by a shower of hearty congratulations and an elaborate wedding repast was served in the beautifully decorated dining room. About 5 o'clock the bride and groom boarded a Pennsylvania train and came to this city and upon their arrival here were driven directly to their attractive home which had been prepared in advance by the groom's father, Mr. Harry Sparks. Mr. and Mrs. James Tague and son Carroll, Robert McPeak and Russell Armstrong.

Mr. Tague is a well known local newspaper man who is now editor of the Oil News. He is an energetic and trustworthy citizen and has many friends and his bride the accomplished daughter of Master William Warts of the Cincinnati northern railroad is a very estimable young lady who leaves a host of admiring friends at Van Wert.

Ran a Ten Penny Nail Through His Head.
While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by Wm. M. Melville, old post office corner.

Piles
In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Cooper, of Allen, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." See a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

DEMOCRATS ARE OPPOSED TO
GEO. B. COX.

The Democratic ticket represents
the opposition to favoritism to rail-
roads in matters of taxation, opposi-
tion to trusts and plutocracy; it
represents home rule, election of U. S.
senators by vote of the people, re-
duction of tariff on trust products, and
is unalterably opposed to foisting up-
on the people of any community a
postmaster against the practically
unanimous sentiment of that people.

FOR AUDITOR, GEORGE FELTZ.

One of the most important offices in
any county is that of Auditor. In this
office the business which directly
concerns every taxpayer is transac-
ted and it is necessary that a most
competent man be selected for the
position. In the person of George
Feltz, whom the Democracy of Allen
county present this fall for re-elec-
tion, are combined all the qualifi-
cations which go to make up an ideal
auditor. Mr. Feltz is now serving his

first term, and his administration of
the business of that very important
office during his first term has been
such as to commend him to the
as most worthy of re-election. His
overwhelming majority was won by an
expert account. Mr. Feltz is
the most strict and is a man of
integrity. He is gentle
and assisted by his
able deputies, gives the most
careful attention to the legion of peo-
ple who have business to transact in
the auditor's office. He has been a
resident of Lima for many years, and
his business life has been unimpeach-
able. He has carried into the auditor's
office the same strict rules of
business which have characterized
his private transactions, and his elec-
tion on November will insure the peo-
ple of Allen county another term of
most careful and conscientious admin-
istration of the affairs of the auditor's
office.

SHOULD BE REPUTED.

It is to be hoped that for the sake of
Ohio's reputation for the independ-
ence and intelligence of her people
the party which permitted George B.
Cox to dictate the form of govern-
ment for Ohio's cities will be repu-
diated at the November election, as
the way the Akron Democrat puts it.
Until the people show by their votes
that they will not tolerate such legis-
lation as was handed out to them by
the special session of the legislature,
they must expect to bear all the op-
pressive burdens which their indiffer-
ence may put upon them.

FOR CLERK, C. A. GRAHAM.

One of the most earnest and ener-
getic Democrats in Allen county is
C. A. Graham, of Jackson township.
The candidate for Clerk of the Courts
of Allen county. For years he has
assisted in fighting the battles of his
party and has contributed freely of
his time, money and energy to aid in
the success of the Democratic ticket
in township, county or state elections.
Now when he is himself a conspicuous
figure upon the ticket his legion of
friends throughout Allen county will
come enthusiastically to his support
and give him the position he is so
eminently qualified to fill. There is
no man in Allen county better fitted
for the position of clerk of the courts
than C. A. Graham. He is affable,
obliging and courteous to all; is a
man of sterling worth and strict in-
tegrity and the intricate and import-
ant business in the clerk's office will
be carefully looked after by him when
he is installed in the office.

BOIES IS AFTER THE TRUSTS.

Ex-Governor Boies, of Iowa, is a
presidential possibility in 1904, as he
was in 1892, when Iowa presented
him to the Chicago convention as a
favorite son. The ex-governor is now
running as a congressional candidate
in the district long represented by
Speaker Henderson, and the chances
of his election are good. Governor
Boies is now 75 years old, and has
recently been affectionately described
as being "tough as a pine-knot, but
gentle as any lamb that ever Mary
had." He was a representative in
congress from New York state when
only 28 years old, and has had two
terms as Democratic governor of
Iowa. He is actively stumping his
big district, enduring hardships of
travel that younger men would avoid,
everywhere talking on tariffs and
trusts.

FOR PROBATE JUDGE, A. D.
MILLER.

While serving the people of Allen
county upon his first term as Probate
Judge, A. D. Miller has demonstrated
his efficiency to fill that important
position. He was elected three years
ago by a handsome majority which
will be increased next Tuesday when
the people of Allen county will re-
elect him for another three years.
Judge Miller is admirably equipped
for the position he now occupies, for
not only is he a man of sound judg-
ment, but he is an attorney and his
legally trained mind enables him to
exercise his judicial powers in cases
where knotty legal points are in-
volved, with a facility that would be
difficult for any one other than a law-
yer. The business in the probate
office was never conducted in a more

able and satisfactory manner than
under Judge Miller's administration,
and the people will endorse him by a
re-election.

DO NOT DO ANY TRADING.

Let no Democrat be so foolish as to
"trade" for any one. Every candidate
on the Democratic ticket was fairly
nominated at a primary election in
which every Democrat in the county
had a voice. These men you nominat-
ed represent the Democratic principle
and they represent you and are en-
titled to your sincere and honest sup-
port. Every man on the Democratic
ticket will be elected without resorting
to the despicable scheme of trading.
Stand by your whole ticket and tell
the Hall-Ashton Vertner-Morris sires,
when they come to you singing their
sweet songs, to go about their busi-
ness.

FOR PROSECUTING ATTORNEY
WM. KLINGER.

The Democracy of Allen county, in
presenting for the votes of the people
of Allen county the name of William
Klinger, as their candidate for prose-
cuting attorney, do so with the full
knowledge and belief that not in the
history of the county has there been
an incumbent of that important po-
sition who has filled it with greater
care or ability than Wm. Klinger, who
is now serving his first term. He is
an official who is conscientious and
fearless in the discharge of his duties
and pays the most rigid attention to
the details of his office.

His administration during his
first term has given general satisfac-
tion to his constituents and a sub-
stantial endorsement of his course
will be the majority he will receive
next Tuesday, when he will be enthu-
siastically re-elected.

MORE EVILS OF REPUBLICAN
ADMINISTRATION.

The day following the passage of
the Cox code the people of Columbus
awoke to the cost of it so far as their
city is concerned. The people of Cin-
cinnati are robbed of valuable rights
in their streets for forty-four years
to come, besides being tied up to five-
cent street car fare for that period of
time, and unborn generations will
rise to curse the Republican legisla-
ture in extraordinary session because
of the burdens it has heaped upon
them. Columbus has two fine parks
which were deeded to the city under
certain conditions. One contains 40
acres and is known as Goodale park
in honor of the giver and is located
in a popular portion of the city. The
other is Franklin park. Both are
likely to be recovered from the city,
owing to the Cox code which provides
for taking care of such property in
different manner from that stipulated
in the grant and agreed to by the
city. The people of Columbus have
witnessed the workings of a Republi-
can legislature in special session, and
they may have reason to remember
the occasion for years to come and
remember it with regret, says the
Youngstown Vindicator.

FOR RECORDER, P. T. MELL.

Every person who buys or sells a
piece of real estate in Allen county
is interested in the man who is to be
elected to fill the position of Recorder.
The records kept in that office con-
cern every person who owns a foot of
property and it is vitally important
that a competent man be kept in
charge there. P. T. Mell, the present re-
corder, who is now a candidate for re-
election has demonstrated his fitness
for the position he occupies by giving
an ideal administration of the office
during his first term. He has man-
aged the business of that important
office in a way that commands the
commendation of everyone who has
had business to transact with him.
He is a man of the highest integrity, is
capable, industrious and energetic
and the people of Allen county cannot
do better than to return him for a
second term.

Wm. J. Judkins, Democratic candi-
date for Commissioner of Allen county
is a man of good business qualifica-
tion and should be elected. Mr. Jud-
kins has gone through two campaigns
thus far this year and has won out in
both instances by large majorities.

This alone is evidence that he is popu-
lar with the people and a man whom
they are not afraid to trust. Mr. Jud-
kins is one of the most successful farm-
ers in Marion township, and is a man
who commands the confidence of all
citizens, ably fitting him for the po-
sition of trust—that of County Commis-
sioner. His record as township Trust-
ee is among the best. Cast your bal-
lot for Mr. Judkins for Commissioner
of Allen county and you will vote for a
man who will protect your interests.—
Delphos Herald.

THE BENEDICTION HAS BEEN
PRONOUNCED.

The Cox code bill has passed and
the infamy of the Ohio legislature is
complete. The cities of this state are
in the exact condition to which Salis-
bury last year said he proposed to
leave the Dutch republics in South
Africa, i. e., "without a shred of inde-
pendence."

But here it did not take vast armies
and much fighting to reduce the peo-
ple to this condition of servitude to
George B. Cox. Without any real con-
test, although with loud protestations
of duty, the alleged representatives of
the people, prostituted their powers
and turned over all the vast interests
of Ohio municipalities, bound and
gagged, to the mercies of a crew of
political pirates to be exploited and
used for their selfish purposes and low
personal gain.

We are too profoundly impressed
with the depth of the shame which
these men have put upon the ancient
fame of the state, and their effluxion
of the good name of the grand old
commonwealth of Ohio, to comment
at large upon the condition of things.
The poverty of language to properly
characterize it as too great to do jus-
tice to the situation.

The legislature of Ohio has sown
the wind of corrupt enactment. Un-
fortunately it must be the people of
the state and not the authors of their
calamity who are to reap the inevita-
ble whirlwind.

That legislature has planted its
crop of supremely bad government,
the people are left to gather the re-
sulting crop of litigation irresponsible
rule, heavy taxes with no adequate
equivalent, improvident expenditures
with no person in sight upon whom to
fix them, and the other necessary re-
sults of being governed from abroad
and by men who cannot be brought
to an account of their misdeeds.

Even the Cleveland Leader—thick-
and-thin defender of corrupt govern-
ment as it is today, does not have a
word in defense of the Cox code. Its
silence is more eloquent in reprobation
of the measure than any wealth
of invective which we could bestow
upon it.

The only thing left for the people
to be thankful for is that the legis-
lature is going home, where they can
no longer infest the Capital of the
state and misrepresent and betray
their constituents. For this we are
duly and truly grateful.—Akron Dem-
ocrat.

FOR COUNTY COMMISSIONER,
W. J. JUDKINS.

The County Commissioners more
closely represent the people than any
other county officials. They are the
board who buy the supplies, make the
contracts for building bridges, con-
structing the pikes and a thousand
other things which must be done to
carry on the business of a large pros-
perous county like Allen. It is im-
portant that a man of judgment and
experience be elected each year to
serve upon this board, and it is such
a man that the Democracy present
this fall in the person of William J.
Judkins. Mr. Judkins is one of Ma-
rion township's most thrifty farmers.
He is honest, industrious and capable,
and possesses all the qualifications
needed to constitute an excellent com-
missioner of the county. He has been
successful in his own business and
will apply the same ability to the
county's business that he has to his
own.

THE INFIRMARY DIRECTOR,
DAVID STEPLETON.

The Democrats of Allen county this
fall present for the position of In-
firmary Director, one of Shawnee
township's most esteemed farmers—

MAYOR

Lost His Temper During the Hearing in the Schick Case.

Ordered More Charges Filed.

Fined John Schick Twenty-five Dollars and Costs and Immediately Arraigned Him on Another Charge in the Same Case.

The case in mayor's court against John Schick, the young man who was arrested by sergeant Wingate day before yesterday charged with disorderly conduct, occupied three or four hours time in mayor's court today and developed rather unusual proceedings.

Schick as will be remembered and a slight misunderstanding with a physician in the Metropolitan block and struck the latter when he met him on the street later. Some one informed the police and without securing a warrant sergeant Wingate arrested Schick. The latter declined to submit to arrest without a warrant and was thrown down and taken by force by the officer. Then he was charged with disorderly conduct instead of with having assaulted the physician the act for which the arrest was made and when the case came to trial today attorney J. D. Armstrong on behalf of the defendant made the defense that the disorderly conduct charge the resisting of an officer was justified by reason of the fact that the officer was making a false arrest.

During the progress of the case Mayor Rogers lost his temper when attorney Armstrong asked for time to send for a witness and declared that unless the case was finished in ten minutes he would pronounce judgment in the case. Turning to the defendant's attorney the mayor said that the defense had charged that the officer had made a false arrest and he would see about it. Then turning to sergeant Wingate the mayor ordered him to draw up two additional affidavits, charging Schick with the offense of resisting an officer in one and with assault and battery in the other. Then the trial of the first case was concluded and the mayor declared Schick guilty and imposed a fine of twenty-five dollars and costs.

Attorney Armstrong filed notice of an appeal on error and the mayor then arraigned the defendant on the charge of assault and battery. A plea of not guilty was entered and the defendant was required to furnish bond in the sum of \$100.

After stating the amount of bond that would be required the mayor remarked: "Well how can our police officers do not have to run to the police station for a warrant every time they want to arrest a man?"

That much of the night in some cases, replied attorney Armstrong, but there are cases wherein a warrant is required and if the officers have been instructed according to your idea they had better be instructed over.

TO THE PUBLIC
A statement has been published in a newspaper of this city indirectly implying that The Fidelity Coal Co. had complained of the C. H. & D. supply line fuel to its men, from the waste lumber or from its coal supply. It is only fair to us to say we have been in the coal business in Lima for three years. We have never directly or indirectly made such a complaint to any railroad. We try to attend strictly to our own business to keep the price of coal down to the lowest possible point consistent with good sense and citizenship. In other words we use our best endeavors to give to the public fair, just and courteous treatment. We ask only the same in return.

Statement From Mr. Cory.
No complaint has been made by The Fidelity Coal Co. to this company at any time against their supplying their employees with any kind of fuel. 13 21 C. H. CORY

LIMA

Presbytery C. E. Societies

Now in Session

Convention Being Held in Findlay.

District President Evans, of Venedocia, in Charge of the Gavel.

An Interesting Address Delivered at Last Night's Meeting by the Rev. Mr. Thompson, of Springfield.

The Christian Endeavor societies of the Lima Presbytery opened the convention last evening at the Second Presbyterian church under very pleasing circumstances. Says the Findlay Republican: "The church was prettily decorated with potted plants and a handsome flag to welcome the delegates of the district, who have gathered here for the annual meeting."

The session was opened by Mr. Evans of Venedocia the district president. Three stirring hymns were sung in which the congregation lifted their voices in inspiring unison. The president read the first chapter of First Corinthians after which Rev. Mr. Cory led a prayer.

Mr. David Bealand sang a beautiful solo entitled "Will There Be Any Stars in My Crown." The address of welcome given by Rev. Mr. Bealand to the church was hearty and spontaneous, given in behalf of the church and young peoples society. His congregation.

The large choir of young people sang an inspiring anthem at the close of which the Rev. Mr. Thompson, D. D. of the Third Presbyterian church of Springfield gave the address of the evening. He set forth the requirements of the present time to the next effort in the part of professed Christians. His text was taken from the thirteenth chapter of Mark, forty-fourth verse in which is found the words: "And to every man his work." The speaker gave a history of the church from the days of Calvin to the present time with the historical periods in which the sect figured conspicuously.

Among other significant claims of the church to stand as the leader in the evangelistic work of the world statistics were given for the past thirty-two years. At the present time there are 774 churches with 1,045,000 members in the denomination in this country and the large increase is shown in the statement that thirty-two years ago there were only sixty-two churches lying between the Rocky mountains and the Mississippi river whereas at the present time there are 800. Twelve million dollars has been spent in the same length of time in building churches in the West.

Other interesting statistics were given showing the wonderful work in augmented by the church. The history of the evangelistic work done by them in foreign countries is estimated to exceed that of other denominations.

An eloquent plea was made to the young peoples society to do personal work giving as the reason for the decline in the number of conversions to the fact that Christians do not do their work. Do not ask others to follow. The rallying cry of Christ for the twentieth century is "To every man his work."

After the impressive address Dr. Thompson offered a prayer followed by the hymn "Revive Thy Work by the congregation." Announcements having been made by Rev. Herald for today's meetings the congregation was dismissed with the benediction by Dr. Thompson.

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the Stomach and are distributed by the blood to every nook and corner of the system; the Stomach and Kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various inhaling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, antiseptic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S., which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints.

S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you,' but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WHAT

The Figures Show for Texas

Where the Oil

Possibilities Geographically Surveyed.

Bulletin Issued from United States Department by Mr. Walcott

Which Covers the Situation from Standpoint of One Who Looks to Nature for His Conclusions.

A bulletin soon to be issued by the United States Geological Survey, contains a report by Dr. C. W. Hayes and Mr. William Kennedy on the Texas-Louisiana Oil Field, which is of particular interest at this time.

From the Mississippi river westward through Louisiana and Texas to the Rio Grande, along the border of the Gulf of Mexico, and extending inland from 50 to 100 miles is the Gulf Coastal Plain. The existence of petroleum in this part of the country has been known as far back as 1860. Since the beginning of the present oil development, the coastal plain has been examined, and its general underground condition to a depth of about 2,000 feet has been brought to view, although many questions as to underground structure remain unanswered until further drilling.

With regard to the Spindletop oil-rock, the report states that its exceptional character explains in a measure the remarkable features of the Spindletop pool. Its extreme porosity favors the storage of a very large volume of oil, and also favors the yielding of this oil with very great rapidity when the reservoir is tapped. It also favors the early exhaustion of the oil in the pool, and its rapid replacement by the underlying salt water. Beds of sulphur-bearing sand are reported from some of the wells on Spindletop, and beds of gypsum and salt from others.

A list is given of 280 wells in the Spindletop pool which have shown a yield of oil sufficient to be considered of commercial importance. The list was completed, as far as possible, up to June 15, 1902. The structure of the Spindletop pool appears to be that of a dome with steep sides and rather flat summit. Judging from the normal thickness of the Gulf Coastal Plain formations, and from the structure of the Spindletop pool, it seems evident that a well in this region less than 3000 feet in depth does not reach the oil-bearing horizon anywhere except upon the Spindletop dome. The shallow dry wells already drilled outside of Spindletop prove but little. One co-operative test well put down at some carefully selected locality to a depth of 3,000 or 3,500 feet would probably be of much greater value than a large number of shallow wells put down in various localities.

Without attempting any positive prediction, the conclusion is reached with regard to the Spindletop field that the Spindletop oil rock contains about one-fourth of its volume of oil, that is, a cubic foot of oil rock may be considered as holding one-fourth of a foot of oil, or .87 of a gallon of oil at complete saturation, and a barrel of 42 gallons will be obtained from about 24 cubic feet of rock, allowing for the proportion unavailable. Even if we make the estimate at 1 barrel for every 26 cubic feet for Spindletop, and a little less for other fields, we should have a yield equal to the Baku field in Russia, and a much greater output than that of any of the other American fields. The yield of the Baku field has been estimated to equal about one-fifth of the volume of the rock. The petroleum stored in the Trenton limestone, one of the best producing limestones in America, has been estimated at about 10 per cent of the rock, and the statement is made that portions of the best Pennsylvania fields have yielded 900,000 barrels per square mile.

Petroleum does not exist in unlimited quantities anywhere. The supply is practically limited to the contents of the field, as we find, and when this has been withdrawn no more is obtainable. Spindletop forms no exception to this indexible rule, and the length of time that even this great field may continue to produce oil is altogether dependent upon the number of wells draining the pool.

The combined tankage of steel and earthen tanks at Beaumont is, at the present time, about 7,600,000 barrels.

The method of drilling wells in the Beaumont and contiguous oil fields is the rotary process, which is described at length. Prices for drilling wells vary in accordance with the condition of the contract, but from \$4 to \$4.50 per foot of depth may be considered a fair average of prices today, the contractor furnishing the tools, machinery, labor, etc., necessary to drilling the well. The company usually reserves the right to accept or reject the work upon completion. The average time required to drill a well in any of the oil fields, when no accident occurs, is about two months. Considerable danger accompanies the flowing and the closing of a well on account of the poisonous nature of the gas accompanying the oil flow. This gas contains a large production of hydrogen sulphide, and is poisonous qualities are intensified by its being saturated with petroleum vapor. Petroleum vapor has the effect of rendering people inhaling it unconscious, and if the patient remains under its influence for any length of time, death ensues. The combination of the hydrogen sulphide and the petroleum vapor issuing from the wells of Beaumont is such as to render death almost instantaneous, although fortunately, few fatal accidents of this kind have taken place at Spindletop.

An estimate of the maximum flow of 162 wells now in use at Spindletop may be made as somewhere between 25,000 and 30,000 barrels daily; probably the average flow would not exceed 10,000 to 12,000 barrels. The total production of crude petroleum in the Beaumont Spindletop field, including the oil wasted from wild gushers and from other wells, the local consumption, the oil held in tanks, and the oil shipped away, from the beginning of 1901 up to May 31, 1902, is estimated at 11,688,000 barrels. The value of well material, tanks, tank cars, pipe lines, pumping stations, refineries, and wells producing, drilling, and abandoned, is estimated at about \$7,840,000. On December 31, 1901, the number of wells abandoned was 28; of producing wells 131; and of wells drilling, 46; a total of 205. On May 1, 1902, there were 52 abandoned wells, 219 producing wells, and 69 wells drilling; a total of 332—an increase on May 1, 1902, over December 31, 1901, of 24 abandoned wells, 109 producing wells, and 14 drilling wells; a total of 147.

Charlotte, Mich., Oct. 29.—There was a large attendance today at the opening of the eighteenth annual meeting of the Michigan Equal Suffrage Association. The sessions of the convention will continue three days, during which time there will be addresses by a number of well known leaders of the movement, including Mrs. Carrie Chapman Catt, of New York, Rev. Caroline Bartlett-Crane, of Kalamazoo, Mrs. Winifred Harper Cooley, of Grand Rapids, Mrs. Clara B. Arthur and Mrs. Helen P. Jenkins, of Detroit, Mrs. Martha Snyder Root, of Bay City, Miss Nettie Southgate of Saginaw and Miss Martha Baldwin, of Birmingham.

THE TIME WILL COME.

When the Advice of this Lima Resident Will Help You.

Very few people are entirely free from backache. It does not take much to derange the kidneys. A little cold, a strain, stooping positions or hard work, overtaxes those delicate organs and many aches and pains promptly follow. A Lima citizen tells you here how every kidney ail can be relieved and cured. Read about it.

Mr. H. L. Neff, of 967 east North street, employed with the Electric Light Co., says: "The pains at times in my back and kidneys were very severe and it was difficult for me to stoop or lift anything. The kidneys secretion became irregular, distressing and annoying. I tried different remedies, but without receiving any appreciable benefit. On being advised to try Doan's Kidney Pills, I procured them at W. M. Melville's drug store and began to use them. They did me so much good that I continued the treatment until radically relieved."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Verdict for the Full Amount of the Mexican Lottery Ticket

Was Returned by the Jury in the Case of Wm. Clark vs. Zachariah Pyle and Charlie King.

At 7:30 yesterday evening the jury in the case of Wm. Clark et al vs. Charles S. King et al agreed on a verdict and reported in favor of the plaintiff for the full amount sued for together with interest from the date of payment amounting in all to \$4,621.87.

Such is the result of the trial conducted yesterday which was based on a contention of Wm. Clark, the colored dancing teacher and Harry Goodrich, a former clerk at Carroll & Cooney's who is now employed at Columbus. As plaintiffs they brought suit against Charlie King and Zachariah Pyle to recover the sum of \$1,750 which they claim was drawn from the old Mexican lottery by a ticket which they were lucky enough to hold.

According to the petition Pyle sold to the plaintiffs a ticket for the drawing and then regained possession of it by false pretenses knowing at the time of its redemption that it called for a valuable prize. When the plaintiffs were informed that the number had drawn but one sixteenth of \$20 they turned over the ticket and received \$12.

It was later discovered that the ticket was one which entitled the holders to a share of the capital prize of \$60,000 and after an investigation was made charges of conspiracy were preferred against Pyle and King both of whom it was alleged entered into an agreement whereby they were to collect the \$1,750 which rightfully belonged to Clark and Goodrich.

Pyle went to San Antonio and collected the money which fact was acknowledged during the trial of the case yesterday and sent a draft for the full amount to King. The latter stated on the witness stand that he had paid Pyle the full amount after his return to Lima.

Attorney Kent Hughes during the hearing offered in evidence a card which appeared in the Times Democrat December 27, 1898 which read as follows:

The lottery of the Beneficencia Publica for the purpose of inviting patrons has sent out a slip on which is printed a number of credentials touching for the promptness with which it redeems tickets drawing prizes. Among the number is the following:

San Antonio Texas Dec 1st 1898. I hereby certify that I was the holder of one sixteenth of ticket No. 33477 which in the drawing of the lottery of the Beneficencia Publica city of Mexico held on the 24th of November 1898, drew the first capital prize of \$60,000 and that the amount was promptly paid in full without discount on presentation of the ticket by the company's financial agent.

(Signed) C. S. KING

Lima Ohio. Mr. King read the notice signed by himself while under cross examination but denied having signed it or authorizing the signature. It was offered in evidence as one of the plaintiffs exhibits. Depositions were offered as having come from witnesses acquainted with the situation in Mexico and the court's charge was delivered at four o'clock. Three hours later a verdict was returned awarding the plaintiffs a judgment for \$4,621.87 which includes the full amount of the lottery ticket in question and interest from the day of the drawing.

The case will not stop where it is. It has been heard on motion and demurrer and now having been decided on the issues by a jury the higher courts will get hold of it and untangle the legal points about which the jury is presumed to have but little knowledge.
